Learning How to Lead

Believing in God's Plan

Leadership Opportunities

Showcasing individual leadership by participating in leadership camps.

Learning how to take care of your body and live a healthy life style.

Maximizing Your Gift

Dear Friends,

After 14 years of serving the needs of inner-city children, we estimate that MCCA has impacted the lives of about 35,000 children and families through our Christian outreach.

As our programs grow and agencies continue to rely on our committed coaches/mentors to provide MCCA services, we hope by the year 2015 we will have touched the lives of 100,000 children and their families.

What a great adventure MCCA has ahead of us. This will be possible if we just follow the plan God has laid out before our inner-city ministry. That's why we need our faithful supporters to continue to believe in our vision, "To see urban centers throughout the world impacted by the love of Jesus Christ", so we can achieve this goal.

Will You Help?

Once again this year through a challenge grant provided by a donor that prefers to remain anonymous, each of the \$30,000 dollars received through December 31st, will be matched by that donor.

MCCA met this challenge last year and we are eager to meet it again. This provides a great opportunity to maximize your year end gift again this year.

Thank you, in advance for your financial donations.

Sincerely,

A handwritten signature in black ink that reads "Rafeal Andrews".

Rafeal Andrews
CEO/President

Supporting Solutions

For a city population of 594,000 people Milwaukee really has some pressing needs to be addressed, especially when it comes to crime reduction and offering quality programming for disadvantaged youth.

Milwaukee has 1,281,963 crimes per square mile compared to the whole state of Wisconsin, with only 19 crimes per square mile. Statistics show there is a direct link between crime and the amount of unsupervised time teens and children have after school, on weekends and over the summer months.

Milwaukee has 600% more crimes per square mile than the national median of 49.6% in the same amount of space, according to data released by cityrating.com an on line crime statistics site.

In the areas of robbery, murder, theft and arson Milwaukee is about 50% higher than the national average. The lack of spiritual mentors and adult supervision has our city crying out for organizations who offer services that address the moral foundation and needs of the children living in our urban center.

Empowering The Disadvantaged

The Minority Christian Coaches Association (MCCA) has been working hard at helping Milwaukee address these and many other pressing needs. We currently provide over 6,500 children character education through enrichment programs throughout the city.

All of MCCA programs are offered to youth during times when they are typically unsupervised, so we can help channel their energy toward self improvement verses self destruction.

It's not easy developing programs that actually meet the needs of inner-city children and families in Milwaukee, but we do because our dedicated staff have overcome these same obstacles and are committed to seeing generations of young people do the same.

Bottom line, your support helps MCCA keep kids out of the juvenile court system, off the streets and out of gangs. We are like fathers and mothers to the children we serve and we know that if we continue to give kids hope, they will be empowered to make healthy choices as they become responsible adults.

Empowerment Teaching Life Skills

Learning to be Responsible and Living Independent.

Teaching the importance of family and team prayer.

With Your Help MCCA can Impact 15,000 Children and Families this Year!

As MCCA kicks off the 2011 fiscal calendar year we have a big vision and with it see many children and families becoming empowered through our programs.

Sons of David Clubs- Will teach young boys Christian principles on how to become responsible young men, role models and leaders as they mature to manhood.

Work Ready Clubs- Will begin serving teens at middle and high schools by preparing them for the workforce through workshops and student internships.

Team Fitness- Will provide afterschool wellness classes and healthy living workshops thousands of elementary, middle and high school aged boys & girls city wide.

Mission Projects- Will allow missionaries to witness the saving power of Jesus Christ through our Vision Quest and the Gifts of Love programs as they give of their time, talents and treasures to children through these projects.

Team Fitness Fall Classes

On October first MCCA began kicking off our 6th year of Team Fitness programming at 11 community agencies around the city. Fall classes are offered at the following sites:

O. W. Holmes
35th Street
Golden Center
Riley

Allen Field
Holton Center
Wheatley
Siefert

53rd Street
Hopkins
Madison
